

## Annual Meeting 2019 of the Basel Stem Cell Network (BSCN)

**11.4.2019 (Thursday ) at 14:00-18:00**

**Friedrich Miescher Institute**

Mattenstrasse 66, Basel

Lecture Hall 5<sup>th</sup> Floor

### Program:

**Welcome** by Verdon Taylor, chairman BSCN Steering Committee

### BSCN Scientific Presentations 1

**Susan Gasser**

14:05 - 14:35

FMI Basel

“Differentiation induced nuclear compartments: sequestration of CBP1/p300 controls gene silencing”

**Guest Speaker**

14:35 - 15:15

**Freddy Radtke**

EPFL ISREC Lausanne

“Notch signaling in normal and malignant hematopoiesis”

### Bruno Speck Awards 2019

15:15 - 15:45

*Sponsored by the Stiftung für Hämatologische Forschung Basel*

Basic Research:

**Denise Serra, Urs Mayr**

FMI Basel

“Self-organization and symmetry breaking in intestinal organoid development”

Clinical Research:

**Barbara Szczerba**

DBM Basel

“Neutrophils escort circulating tumour cells to enable cell cycle progression”

**Coffee break (15:45 – 16:30)**

*Sponsored by*

### BSCN Scientific Presentations 2

**Patrick Tschopp**

16:30 - 17:00

University of Basel

“Convergent cell fate specification in the developing vertebrate skeleton”

**Ravi Jagasia**

17:00 - 17:30

Roche Basel

“Modelling Angelman's Syndrome with human patient neurons”

**Randall Platt**

17:30 - 18:00

D-BSSE Basel

“Engineering CRISPR systems for in vivo genetic screening and transcriptional recording”

**Assembly General with Aperol**
