

# Basel Stem Cell Network (BSCN) International Lecture Series

[www.baselstemcells.ch](http://www.baselstemcells.ch)

**Monday, February 6th, 2023**

**16:00 - 17:00**

**Biozentrum**

**U1.131**

**Spitalstrasse 41, Basel**

**BSCN Postdocs and PhD Students invite:**

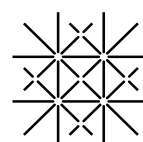

**Prof. Dr. Maria-Elena Torres-Padilla**

**Director of Biomedicine at Helmholtz Pioneer Campus,  
Munich, Germany**

**“Epigenetic mechanisms in early mammalian development”**

**Prof. Dr. Maria-Elena Torres-Padilla**

is Director of the Institute of Epigenetics and Stem Cells and Director of Biomedicine at the Helmholtz Pioneer Campus and holds the Chair of Stem Cell Biology at the Faculty of Biology at Ludwig-Maximilians-University Munich (LMU). She is interested in how epigenetic information regulates transitions in cell identity and cellular reprogramming.

**Universität  
Basel**
